

SINCE

1970

Maxi-Vac Inc. has been producing cleaning equipment for commercial and industrial applications. We are dedicated to providing rugged, portable, lightweight, American made equipment of the highest quality, utilizing state-of-the-art components and technology.

INTRODUCING the MAXI-VAC

JS SERIES Commercial/Industrial A/C Coil Cleaning Machines

Now Available

the JS700 is with new SIPHON FEATURE!

This feature allows the system to vent trapped air and siphon from a container for ease of use in rooftop or remote locations where a garden hose may not be available. It also has many other special features that make it ideal for commercial and industrial applications with maximum flexibility.

Additional Features

- ▶ Electric 110V
- ▶ Variable pressure
- ▶ Adjustable angle nozzle from 0° to wide fan
- ▶ Adjustable chemical injector allows soaps/chemicals to be applied from the trigger gun at low pressure
- ▶ Chemicals do **not** pass through pump, lengthening pump life
- ▶ Rugged steel case, powder coated
- ▶ No plastic plumbing
- ▶ Recessed male power receptacle
- ▶ Accepts FlexWand® hoses
- ▶ For Specifications see JS700 below

Also Available in the JS Series

JS700i

16 YEAR AVERAGE FIELD-LIFE!

SPECIFICATIONS (JS700iS & JS700i)

- ▶ Motor: 1/2 HP, 1725 RPM, 115 VAC 60 Hz (220 Volt 50 Hz Motors Available)
- ▶ 7.5 Amps
- ▶ 0 - 700 PSI
- ▶ 1.5 GPM
- ▶ 15' x 1/4" I.D. Pressure Hose
- ▶ Recessed Male Power Receptacle
- ▶ Powder Coated Steel Case
- ▶ Trigger Gun w/ Safety
- ▶ Direct Drive Plunger Pump
- ▶ 24" Insulated Wand
- ▶ Hi-Lo Adjustable Nozzle
- ▶ Adjustable Injector (0 - 10%)
- ▶ 40 lbs (LPS)
- ▶ Dimensions: 9" x 10" x 15"

Also Available in the JS Series

JS400

COMPACT & LIGHTWEIGHT!

SPECIFICATIONS

- ▶ Motor: 1/3 HP, 1725 RPM, 115 VAC 60 Hz (220 Volt 50 Hz Motors Available)
- ▶ 7.5 Amps
- ▶ Siphon Premixed Soaps at Full Pressure
- ▶ Siphon Water
- ▶ 400 PSI
- ▶ 1.0 GPM
- ▶ 15' x 1/4" I.D. Pressure Hose
- ▶ Recessed Male Power Receptacle
- ▶ Direct Drive Plunger Pump
- ▶ 18" Wand
- ▶ 20 Degree Fixed Nozzle
- ▶ 40 lbs (LPS)
- ▶ Dimensions: 9" x 10" x 15"
